CARD DESIGN & PRINT SOFTWARE
CardStudio™ 2.0

CardStudio 2.0 brings a new level of simplicity to the design and printing of every card — from simple to sophisticated. Whether you are printing a handful of single-side monochrome cards or thousands of encoded double-side full color cards with specialty security effects and dynamic data, the well-designed highly-intuitive interface virtually eliminates the need for technical expertise and training. CardStudio 2.0 — card creation made easy.

Visit zebra.com/cardstudio for more information or download the latest version of the CardStudio 2.0 Software here:

When and how to provide a license key

Three options to provide a License Key

As a reseller administrator, you have a couple of options on when and how to provide a license key to a customer in the License Manager:

- Option 1. Activate a license key using an Activation link
- Option 2. Provide a registered customer a key
- Option 3. Approve a requested license key

License keys						
Order id	Id	Modified	Product	License type	Reference	Status
13	19	04/26/2018	CardStudio™ 2.0 STANDARD	online	ZEBRACPICDJ	Available

LICENSE KEY FOR CARDSTUDIO™ 2.0 STANDARD

i You can Copy and Paste this key into your application software to activate

By using this license key, you accept the [CardStudio 2.0 End User License Agreement](#).

Assignments

Assignment 7

Login to <https://staging.zebra.com> with your Zebra ID.

- Step 1. Generate a CSV-file with 5 Professional License Keys.
- Step 2. Activate an activation link you just generated.
- Step 3. Disconnect the key you just generated.

Assignment 8

Login to <https://staging.zebra.com> with your Zebra ID.

- Step 1. Request a classic key as a customer.
- Step 2. Approve the key as a reseller.
- Step 3. Register the key
- Step 4. Revoke the key.

The screenshot displays the CardStudio 2.0 License Manager interface. At the top, there is a navigation bar with links for Home, Customers, Products (selected), My account, and a support contact number (877 275 9327). The user is logged in as Margriet Spriensma, a ZebraReseller and Reseller of Zebra Distributor. Below the navigation bar, the Zebra logo is visible. A search bar contains the text 'ZebraReseller' and a language dropdown is set to 'English'. The main content area is titled 'HOME / PRODUCTS' and features four columns representing different editions: Classic, Standard, Enterprise, and Professional. Each column includes a description of the edition, a list of features, and buttons for 'Order now' and 'Learn more'. The Classic edition is described as an easy-to-use single application for Card Design and Card Print, with no database features and the ability to upgrade to Standard and above. The Standard edition allows for 1 project, unlimited designs, and unlimited data records, also upgradeable to Enterprise and above. The Enterprise edition offers unlimited card designs, data records, and projects, along with all standard functions, full external database connectivity capabilities, and the ability to upgrade to Professional. The Professional edition offers the perfect edition for Design, Produce & Encode Cards, with unlimited card designs, data records, and projects, all enterprise functions, smartcard encoding, and a smartcard editor.
