ONE CARD SOLUTION

CARDSONLINE LICENSE MODEL OFFERS A COMPLETE AND EFFICIENT ONE CARD SOLUTION

In response to the growing need for an efficient and affordable management of ID cards and related activities, ScreenCheck offers CardsOnline, a card management system that measures up to the increasing demand to issue and manage multifunctional smart cards in an easy, controlled and cost efficient way.

ONE CARD SOLUTION

CardsOnline provides a solution to design, produce and manage cards at an unlimited number of locations using a single online system. Advanced password access ensures protection of both users and data in the entire system. Managing student and teacher ID cards becomes effortless with CardsOnline. Schedule automatic expiration, re-print cards or manage lost cards. CardsOnline takes a central role in the card production and management of your school and reduces costs at the same time.

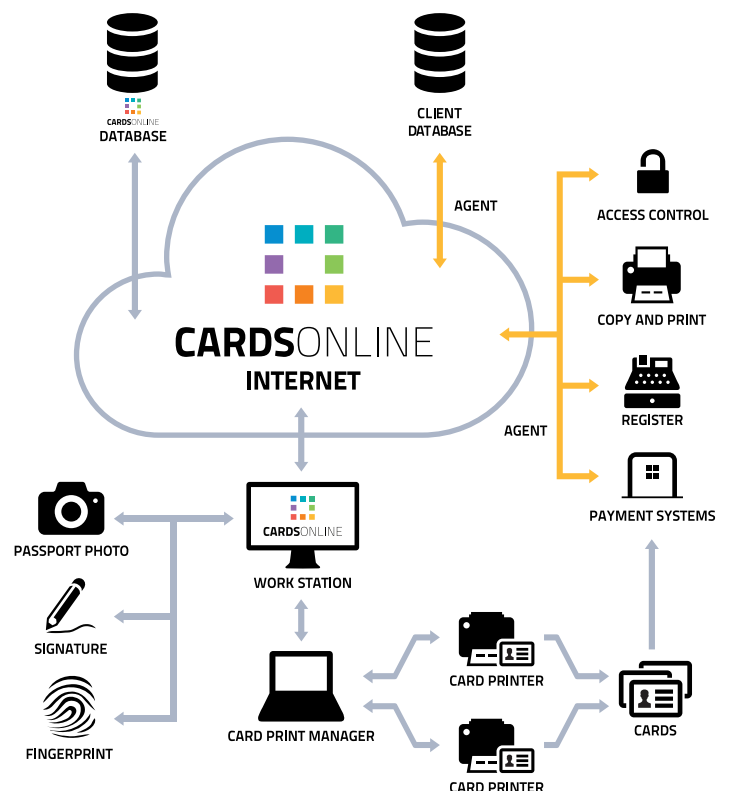

FEATURES

- Design your own ID Cards online with photo, logo, shapes, text, barcodes & QR-codes etc.
- Import, add, edit & manage cards and your card holders data
- Card holders can enroll efficiently with mobile devices using the CardsOnline Service Portal

CARD MANAGEMENT SYSTEM

CardsOnline is the link between the ID card and other systems (e.g. access control) in your organisation. Connections between these systems are established through custom made data agents and web services.
