SERVICE PORTAL

The Service Portal is a CardsOnline Add-On available on mobile devices as a service for your card holders. Card holders can use the Service Portal to interact with their card data, send requests regarding their cards, upload a new photo and report a lost or broken card using a secure connection with CardsOnline. In addition, all card holders will be able to access a notification panel displaying updates of earlier requests or changes.

SMART DEVICE COMPATIBLE

Use the service portal on all mobile and tablet platforms.

YOUR DESIGN

Customize to the look and feel of your organisation.

SEND NOTIFICATIONS

Send notifications and requests to your card holders.

RECEIVE REQUESTS

Receive card reports and requests from your card holders.

ENROLMENT COMPLETION

Card holders add their own photo and data.

Service Portal enables a one-on-one communication with the card holder offering service and reducing administrative workload.
